

*Where flavor and healthy reside*

Dear Local Merchant,

I want to bring to your attention a wonderful product that I have experienced from on-line purchases. Metro Spice Co. spice blends are flavorful, all natural and contain absolutely no salt! The blends were developed after the founder was unable to find salt free spice options to her liking to address the need of a low sodium diet to manage hypertension. There is an absolute need for many of us to eat healthier and the seasoning of food is a key component. Metro Spice Co. blends makes it easier, fun and flavorful.

I would very much like the option to purchase Metro Spice Co. spice blends at your location. I am certain that others in our community will also benefit and enjoy the Metro Spice Co. spices. You can contact Metro Spice Co. using the contact information below to make the necessary arrangements to carry the spice line. Please include my name and contact information in your response to Metro Spice Co.

Gratefully,
